DETAILS

COMPANY

PRODUCT NAME

NAME OF PERSON COMPLETING FORM

DATE

INPUTS

Where do the product's component parts, materials or ingredients come from?

List the components, materials or ingredients involved in the production or manufacture of the products.

MATERIAL/COMPONENT/INGREDIENT

COUNTRY OF ORIGIN*

* Goods purchased from an Australian supplier are not necessarily Australian in origin.
If you do not know where the material originates, it should be treated as imported.

PROCESSES

How is the product made?

Describe the processes involved in the production or manufacture of the products.

Use specific words for processes – for example, cutting, welding, extrusion moulding, cooking, stitching, blending, tableting.
